LearnIT2teach

This document explains how to add an Edulinc button to the home screen on an Android tablet or smart phone. When clicked, this button will launch Safari and open the edulinc.org home page.

How to Add an Edulinc Button to an Android Device Home Screen
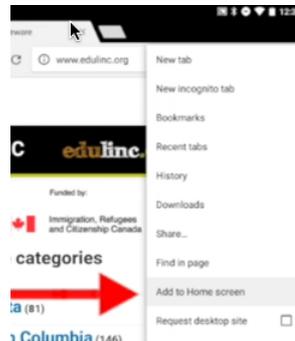

1. Open Chrome.

2. Surf to http://edulinc.org

3. Click the menu in the top right corner.

4. Click the "Add to Home Screen" option.

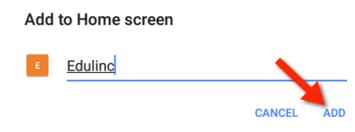

The *Add to Home screen panel* appears.

5. Change the title name to "Edulinc" (optional).

6. Click the "Add" link.

The new button will appear in the Home screen.
