Step 10: Click the download icon next to the file name (ZIP). The item will begin downloading a .ZIP file. Save this .ZIP file on your local computer where you can find it easily, e.g. your desktop. (Do not unzip it.)

After clicking the download the final few steps will vary slightly from web browser to web browser. Save this .ZIP file as you would an email attachment – somewhere easy to locate. (Do not unzip it.) Refer to the documentation in your learning management system for instructions on adding a SCORM object to a course. LearnIT2teach participants will find this in the Stage 3 training materials.
